

# Princeton Mining Day Business Luncheon

---

## You are invited to attend:

The Mining Association of British Columbia, Copper Mountain Mining Corporation and Princeton Chamber of Commerce are pleased to invite you to a unique opportunity to celebrate the kick off of BC Mining Week in Princeton. Princeton has a long history with mining and mining is poised to play an important role in the future with the opening of the Copper Mountain mine in 2011.

The luncheon will provide business leaders in Princeton the opportunity to hear about the renaissance of the British Columbia mining industry and what this means for the community.
